Presidents Message

By Club President Dave Siegel

Hi to all my Democratic colleagues. Great to see so many of you at the St. Patrick's Day celebration in Hayward. And we had so many important legislators and activists there, it just reminded me that I live in the smartest region of the center of the universe when it comes to progress! Now if we can only get the oil and gas corporations off their throne, get single payer health care, stop the TPP and pass the Disclose Act, it will be a very good year!

Please join us this coming Tuesday, March 24th as we move to endorse the resolution to Alameda County change to the General Plan to essentially forbid gas and oil hydro fracking. We will discuss our future actions to press our representatives to meet our Progressive Goals. We will also be voting on some slight changes to our by-laws as mentioned in last months email message so it is important to have as many of you present as possible.

In light of our environmental action, we will also devote approximately an hour to watch a wonderful documentary about the environmental movement in America since the 1960's, "A Fierce Green Fire". This is an award winning film that is both a little disturbing but also enlightening and hopeful as well.

"A Fierce Green Fire: The Battle for A Living Planet, is the first big-picture exploration of the environmental movement- grassroots and global activism spanning fifty years from conservation to climate change."

On Going Events:

Peace & Pizza- 2nd Friday of each Month, 7pm. 1533 B Street, Hayward. Progressive movies or speakers. Potluck!! Always thought provoking, Great People. 510-581-6118 for info
