Presidents Message

Thanks to all the members that made our booth at the Castro Valley Fall Festival a great success. We registered voters, sold some buttons and T-Shirts for the county Democrats who sponsored our booth and had a great time talking to our fellow residents about the current issues facing the town, state and nation.

This month on Sept. 24th, we will have our very own State Assembly Member Bill Quirk for our speaker. He will be talking about state issues and bills and will be available for your questions. Come and learn first-hand what's going on in Sacramento.

Additionally, our club is co-sponsoring a showing of 'Gasland 2' at the Castro Valley Library on Oct. 15th. (probable time 4 - 8 pm.) CVDC, MoveOn, and "Californians Against Fracking" will present the film....."Join us Tuesday Oct. 15th at the Castro Valley Library for a showing of the award winning documentary "Gasland 2".The movie is a follow-up to Gasland which was well received and covers a very timely subject for California as the oil industry moves into the state and performs an extreme form of hydraulic fracturing to extract dirty oil out of the Monterey Shale Formation.

Also, please renew your dues, they will count for 2014, and Alameda County Dems (ACDCC) is asking for our paid members roster for number of delegates purposes.

Stop the "Fast Track approval of the Trans Pacific Partnership (TPP) The TPP is a multi-national trade agreement that is being negotiated in total secrecy which if approved will nullify environmental laws, worker safety, food safety, etc. Think NAFTA on steroids. Pres. Obama wants to have a Fast Track process in place which would allow approval without Congressional oversight or debate. Please call your rep. and ask them to vote NO on Fast Track.
